To Whom It May Concern:

This letter serves as a reference for Mike Eidlin's Homeowner's Handyman Service who has provided extensive repair in my house on two occasions. First in 1999 they did roofing repair, caulking, and replacement of damaged wood. In 2005 they spent many weeks doing roofing, drywall, removal of rotten wood, atrium door installation duct work to vent electric dryer, electrical work, gutter work, and miscellaneous carpentry.

Mike Eidlin provided high quality work and took great pride in the job from beginning to end. In addition to the excellent quality of work, I especially appreciate their attention to detail, and the thorough explanation of what the repairs entailed. They also kept me informed of the situation at hand as repairs were accomplished.

Additionally, I appreciated their honesty. I entrusted Mike Eidlin with the key to my house so that work could be accomplished in my absence. He acted very responsibly, seeing the house was well secured at the end of each work day.

Again, it is my pleasure to recommend Mike Eidlin's Homeowner's Handyman Service. I am very pleased with their high quality work, and I am confident that you will be pleased with their excellent skills.

Sincerely,

Pat
