To Whom It May Concern:

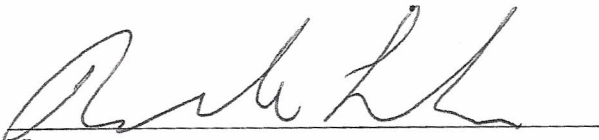

I have employed Mike Eidlin (d/b/a Homeowners Handyman Service) to perform various carpentry and handyman services in my house on dozens of occasions over the last 5-6 years.

Mike has performed an extraordinarily wide range of tasks in and outside of my house over the last 5 years or so; ranging from very small jobs such as minor drywall repairs to very large jobs such as repairing our garage doorway after it was struck by our car. Mike has been a joy to work with and my family is sorry to see him go. We will miss his expertise and skill greatly.

Mike does first-rate carpentry and handyman work, no matter the size of the job. He is professional, courteous, punctual, responsible, and extremely knowledgeable. We have always been very satisfied with the work that he has done for us as well as the very professional and courteous manner in which he does his work. Mike has done a wide range of jobs for us, including fixing the garage door, installations of large mirrors, deck repairs, closet repairs, drywall repairs, painting and numerous other projects. All of the work that Mike has done for us has been first rate and very professional.

As previously stated, we have used Mike extensively for 5-6 years on a wide range of handyman projects, both big and small. Based on my extensive experience working with Mike, I would enthusiastically recommend him to anyone who is looking for a handyman/carpenter. He is absolutely one of the best handymen that we have ever used.
